Register the Device

If you have already registered your M300/M400 to your account, please skip to the next section

If you have not, navigate to www.vuzix.com/appstore and login to your account.

On the top of your screen you will see a tab labeled “My Account”, select this and choose the option on the left labeled “My Devices”.

This will bring up a list of all the devices associated with your account. If the device that you would like to register is not already in this list, select “ADD NEW DEVICE” in the top right. Select the M-Series device you would like to add and notice the QR code that is generated. Scan this code with you M-Series device by navigating to the scanner app and then aiming the device at the QR code.

Once the QR is scanned the device will successfully registered to your account.

Note: The M-Series device must be connected to Wi-Fi to complete registration.

Purchase a Subscription

To purchase a subscription for an application, head to vuzix.com/appstore and login. The application “Zoom for Smart Glasses” will be used in this example.

Search for ‘Zoom’ in the search box in the top right of the screen and then select “Zoom for Smart Glasses”. This will bring you to the application details page for the “Zoom for Smart Glasses” application on the Vuzix App Store. Here you can see screenshots, a description of the application and additional details on how to use the app.

To purchase a subscription, scroll to the bottom of the page where “Zoom for Smart Glasses Yearly Subscription” is listed and choose the ‘Select Plan’ button. This will bring up a list of devices that you have registered to our account. Select the device you would like the subscription attached to and hit continue.
