Power LED
USB Connection
A list of apps is displayed horizontally allowing users to view different product features. One app is displayed at a time. Swipe the touchpad forward or backward to navigate through the app list.

**BladeOS**

- Google Play Link
- Apple App Store Link

BladeOS has a built-in keyboard for character entry when needed. For in-depth information on this and other BladeOS features, refer to the online User's Manual at www.vuzix.com/support/blade-smart-glasses.

**Companion App**

Once installed, tap Start Setup and follow the instructions on the screen to connect your iOS or Android smartphone with your Blade.

**Vuzix App Store**

Once linked to your phone, you can install Apps from the Vuzix App Store.

Once you login (or create an account if you do not have one) you will be able to install additional apps from the store.

**Keeping Vuzix Blade Clean and Safe**

Treat your Blade as you would any quality eyewear. It is mostly maintenance free and requires only to be wiped down periodically. Use only the included microfiber pouch or equivalent microfiber cloth.

- **CAUTION:** Do not spray with cleaners. If required, use a microfiber cloth moistened with standard eyeglass cleaner. Avoid drips or spills. Solvents, household cleaners and paper towels should never be used on your Blade.

- **CAUTION:** Do not pack loose objects in the zipper case with the Blade. Loose objects may rattle and cause damage.

- **CAUTION:** Vuzix Blade is not water resistant. Avoid submerging and exposure to moisture. Excessive moisture will damage the Blade.

**Learning More**

Please register your Vuzix Blade AR Smart Glasses on our Vuzix App Store at https://www.vuzix.com/Account/Register. You can also register as a developer in the Developer Center at www.vuzix.com/developers. As a developer, registration gives you access to Vuzix’s suite of developer tools including product documentation, sample code, and more.
